Student Academic Achievement Goals

Weldon Valley students will maximize their academic potential within the parameters of the school district budget.

- A. Maintain high standards in all classroom subjects so that all students will achieve their maximum potential.
- B. School-wide academic scores will exceed state average for ratings of Proficient or Advanced.

The Weldon Valley school district will operate within its available financial means in accordance within allocated budgets and will be fiscally responsible to the community shareholders.

Community Engagement- personal invitation to stakeholders to participate in what we are doing here.
